

AGENDA ITEM FOR ADMINISTRATIVE MEETING

() Discussion only

(X) Action

FROM (DEPT/ DIVISION): Public Works

PROGRAM:

SUBJECT: Road grading for BOR on canal roads

<p>Background: The Public Works Department is requesting approval to grade approximately 8.2 miles of canal roads for the Bureau of Reclamation in the Hermiston Area. Chet Sater with the BOR contacted our office and made the request. Since this is not on right of way eligible for state highway fund use we are asking for board approval for this project. Reimbursement will be made through Stanfield Irrigation District for all work.</p>	<p><u>ACTION REQUESTED:</u> Authorization to contract with BOR for canal road grading project.</p>

Tom, the Bureau of Reclamation is wanting to have Umatilla County grade our canal maintenance surfaces (roads). We have approximately 8.2 miles broken down into Phase 1 Canal (2miles) , CRPP Road (.3miles), Hwy 37 to Wall Road (3.1) miles, Walls Rd to Tabor Rd (2.4) miles, and Echo Pumping Plant rd (.4 Miles). The county will be reimbursed by Stanfield Irrigation District, who will then bill the Reclamation. I have attached Google Earth photos with the locations of the grading for the five segments listed above. The grading can be done between November and February each year and it coincides with the county weed applying sterilitant to the maintnenace surfaces. I have cc:d Stanfield Irrigation District on this email so they are aware of our conversation.

I would like an estimate for the cost of the grading if possible and understand it is an estimate only.

I will send some reference photos in a later email.
