FROM (DEPT/ DIVISION): GIS

SUBJECT: Enterprise and Server for Enterprise

<p>Background: As our GIS Department has grown we have become aware for the need of an ESRI Enterprise License and Server. Currently our Cartographers can only work in Parcel Fabric one at a time. With the Enterprise software all of them can be working in Parcel Fabric. This will increase their efficiencies and allow them to work with several other entities as well. They currently are working with U Co Health and all of the Fire Districts in Umatilla County. This will also expand our dashboard abilities moving forward. The GIS department has been awarded \$23,563.780 for the Enterprise Geodatabase License and Enterprise Server via a grant from ORMAPS. There is a yearly cost of \$5,500 after the initial cost.</p>	<p>Requested Action: Authorize purchase of ESRI Enterprise software license for \$22,000 and Enterprise compatible server in the amount of \$1,563.80 and authorize Chair to sign grant agreement</p>
