

AGENDA ITEM FOR ADMINISTRATIVE MEETING

() Discussion only

() Action

FROM (DEPT/ DIVISION): UCSO/Criminal

PROGRAM: 15600

SUBJECT: Faraday Equipment

<p>Background: UCSO conducts numerous investigations annually involving cellular and other electronic devices. Many of the devices can be wiped remotely. Faraday equipment prevents radio and other signals from reaching the devices, thereby preserved crucial evidence. UCSO has researched several devices and found the Block Box Lab XL and Mission Darkness Blocker Locker 7 as the best options to meet the need. UCSO shopped these items and found MOS Equipment as having the lowest prices for these units. The Block Box Lab XL is quoted at \$5499.00, and the Mission Darkness Blocker 7 is quoted at \$5,499.00. With shipping the total cost is \$11,448.00. The purchase is within the current budget. These will be charged to Program Specific Equipment, line# 1010-20-15600-550006.</p>	<p>() <u>ACTION REQUESTED:</u> Approve the purchase of one (1) Block Box Lab XL and one (1) Mission Darkness Blocker 7 from MOS Equipment for a total price of <u>\$11,448.00.</u></p>
