() Discussion only
(X) Action

FROM (DEPT/ DIVISION): Harris Park
PROGRAM: Maintenance & Repair/Non Capitol equipment
SUBJECT: Pump and Well maintenance

<p>Background: Harris park is looking to do maintenance and improvements to the only existing well on site. In February 2020 Harris park experienced a major flood that completely washed out one of two wells on site. The park consolidated all park water both potable and irrigation into the one well that was left. Since we do not want to get into the camping season and find ourselves making repairs to an old pump we have looked to a local supplier's for a new, larger capacity pump, pressure tank and wiring. We received 3 quotes for the requested work. Widner Electric total price is \$18,877.19 DIS Northwest Inc. total \$25,456.02 and Doyle Electric total \$29,021.21</p>	<p><u>ACTION REQUESTED:</u> Authorization to Purchase from Widner Electric the pump and equipment sales order #177804 in the amount of \$9,115.14 and the installation of equipment sales order #177746 in the amount of \$9,762.05 for a total of \$18,877.19.</p>
