Hi Dan,

Sorry I didn't get you called back today. In anticipation of your questions, please see below (since a lot of people have had the same questions):

- I have attached the grant application to this email. You can send the completed application to me for approval and processing.
- The County doesn't need to conduct a security assessment to apply for the security camera grant.
- Only one grant can be used at a time.
- The County has \$8,237.56 available for the grant.
- The grant is a reimbursement grant, so the project or purchase should be paid for and a copy of the signed check (or credit card statement showing the purchase) and receipt or invoice showing payment/purchase would be submitted to CIS.
- Reimbursement documentation need to be submitted by June 20th.
- The County would be reimbursed the funds up to the amount above (as such, the County would have to pay for the remaining amount of the quote you sent to me).

Please let me know if I have answered all your questions or if you would still like a phone call on Thursday.

Have a great evening.

Lisa Masters
