

FROM (DEPT/ DIVISION): UCSO/Criminal

PROGRAM: 1560

SUBJECT: Purchase of Stalker LIDAR units

<p><b>Background:</b>                  Speeding vehicles is one of the most common complaints received by UCSO. Excessive speed contributes to serious injury/fatal crashes. Therefore, speed enforcement is a vital activity for any police agency.</p> <p>LIDAR is used to conduct speed enforcement. Unlike RADAR, which uses radio signals to measure speed, LIDAR units use lasers, and can measure the speed of a specific vehicle in a pack of cars.</p> <p>UCSO is looking to replace its aging LIDAR units used for speed enforcement. The current units are nearly 20 years old, were acquired second-hand from OSP, and are failing. UCSO has shopped different LIDAR suppliers and believe the Stalker brand LIDAR units will best meet our need. Each unit costs \$2,844.66.</p>	<p>( ) <u>ACTION REQUESTED:</u>                  Approve the purchase of two Stalker brand RLR Lidar units from Applied Concepts, Inc. for a total price of <b>\$5,689.32.</b></p>
