BUDGET REPORT

Please attach a copy of your original project budget and identify both income and expenditures to date. If any revisions have been made to the original budget, please provide details explaining the revision.

Note: A **Final Report** is required when the project is completed, or within two years from the notice of award. An organization may not apply for a new Community or Economic Development grant if they have an active grant, or have not completed the Final Report for previously-awarded funds. Incomplete projects are eligible for an extension. A letter requesting an extension must be submitted to the Community Development Director for consideration by the grant review committee prior to the 2-year deadline included in the award letter.
