

**NARRATIVE:**

The purpose of this survey was to set the corners of Lot 1 and the North 50.00 feet of Lot 2 of Block 10 of Nichols Addition to the City of Milton as platted.

The control for this survey was the monuments of the Replat of Block 6 of Nichols Addition which we found as shown. We also found a 20 penny nail at the intersection of 15th and Wilkenson which fit well with and old 1/2" pin located at the N.E. corner of Block 11 of Nichols Addition.

Bearings were based on the Plat of the Replat of Block 6 of Nichols Addition.

- denotes 3/8" x 30" iron pin with aluminum cap stamped PLS 933
- denotes 5/8" iron pin
- ▽ denotes 2" pipe frnd
