

NARRATIVE:

The purpose of this survey is to stake the North line of Carol Johnson's parcel, described on R. 145, Page 11, so a fence can be built to replace one torn down by Gas Pipeline construction. I set the Northeast corner of Johnson's parcel in a 1979 survey for Beck and Duff and I computed the location of the Northwest corner of said Johnson's parcel in that survey. I retraced said 1979 survey to set Johnson's Northwest corner.
