Mr. F. B. Hayes  
County Surveyor  
Umatilla County  
Pendleton, Oregon

Dear Sir:

The following as an abstract of the field notes on a survey of the Reservoir Site, City of Hermiston, Oregon, located in the NW $\frac{1}{4}$  of Section 14, T.4N., R.28E., W.M.

The reservoir site was first selected on a strip of land in the NW $\frac{1}{4}$  of Section 14, along the westerly margin of the Oregon State Highway. Requiring an accurate legal description, we then tied this survey to the northwest corner of the NW $\frac{1}{4}$  of Section 14. The northwest corner of Section 14 was found, a 3/4" iron pin in a case, and the line run to the N $\frac{1}{4}$  corner of said Section 14. A line was then run along the west line of said section to the W $\frac{1}{4}$  corner, a 5/8" iron pin. A tie was then made across to the northwest corner of the reservoir survey as shown on the accompanying plat of survey.

Very truly yours,

JAMES H. REID & ASSOCIATES
