

NARRATIVE:

The purpose of this survey is to replace property corners of parcels: Piening-Ray, R. 26, Page 1363, Brattlie, R. 170, Page 1742, and Bevington, R. 130, Page 1162, which were obliterated during recent natural gas pipeline installation. The two corners between Piening-Ray and Brattlie are needed so a fence can be reconstructed on the property line. Dave Krumbein staked all of these parcels in a 1975 survey for Piening. He filed the survey (Co. #J-147), then revised the line between Piening-Ray and Brattlie as the deed's read. I retraced Krumbein's survey to set the missing corners.

LEGEND:

- Found 5/8" rebar, Krumbein, 1975 survey for Piening County #J-147
 - Set 3/8" x 30" rebar with plastic cap #951
- (000) of Record, Krumbein's 1975 Survey, Co. #J-147.
