

at the place appointed on Thursday Jan 28th 1891 and that we called to our aid E.L. Barnett and M. Tushman as chairman, Richard Kilgore marker and L.F. McCabe as man

That we were each and each of our assistants duly qualified by the Surveyor as directed by law, that we proceeded forthwith to view and survey and locate Road No 348. That we find the route selected to be a practical one for a mountain road, and as the petitioners ask no aid from the County in the construction or opening of said road and from the further fact that in a comparatively short time they will be able to construct a fairly good road of which there is at present great need we recommend that the petition be granted and Road No 348 be declared a County Road
