2.

The vacation of these portions of roads is sought for the following reasons:

a. While these roads initially served many ownerships in the early 1900's when they were created, they now lie exclusively on private property of the petitioning owners.

b. The public does not use these roads and has not used them for many, many years. Private property exists on both sides of these roads. Any member of the public using these roads could only be using them for private reasons or for trespass. The county and state road systems have alternate roads for travel from one point to the other that are more efficient and speedy than these portions of county roads.

c. As a result of a significant increase in damage to property and vandalism, it has become necessary to keep the roads shut to persons other than the private landowners abutting the road.

//////////

1 d. The county has not maintained, improved, or expended
2 substantial funds on most of these roads for more than 30 years.

3 3.

4 The names and addresses of all persons holding recorded
5 interest in the property proposed to be vacated or owning any
6 property abutting the property to be vacated are set forth in the
7 paragraphs above. These people and entities sign the petition
8 only for the purpose of supporting vacation of roads abutting
9 land owned by them.

10 4.

11 There are no persons owning any improvements constructed on
12 public property in the roads proposed to be vacated.

13 IN WITNESS WHEREOF, the undersigned owners of land abutting
14 the property proposed to be vacated, do hereby execute this
15 petition.
