Office of Roadmaster

L. J. SHANNON
Roadmaster

PENDLETON, OREGON, Dec, 15th, 1924

Report of Board of County Road Viewers.

To the Honorable County Court of the State of Oregon for Umatilla County.

In the Matter of the proposed
changing in County Road No. 750

Pursuant to the order of your Honorable Body, we met at Pendleton,
Oregon on the 15th day of December, 1924 and the Viewers having qualified, we went
to Gibbon by auto and Viewed the proposed change.

We find that there will be no change in grade or distance, but the
change will improve the curve on the approach to the Meacham Creek bridge; and also
by moving the road back along the railroad track the road will be less liable to wash
out due to the action of the River.

We therefore most respectfully recommend that this change be made,
and that the present road be declared vacated at any time the the proposed change
is properly graded and ready for travel.

Respectfully submitted,

Chas. E. Perry
