Dear Bill:

Thanks for your letter of March 30 expressing an interest in the signing of what is now "Turner Road".

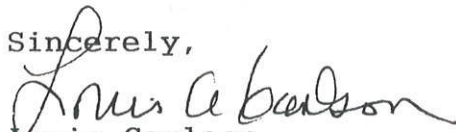

I have contacted the county planning department and public works on this matter. Apparently the public works referred to a map that indicated the appropriate name to be that of "Turner Road". They ordered a new sign and it was put up. Apparently no one has any particular feelings about it!

Since our conversation, I find no one who objects to reassigning that road the name of, "County Line Road". I think that everyone is more comfortable with that name.

If Umatilla County wishes to proceed, do so with Morrow County's blessing.

Thanks again for bringing this to our attention.

Sincerely,

Louis Carlson
Morrow County Judge
