If the road is located substantially as described herein, the centerline of the road as constructed is hereby deemed accepted by the Grantor as the true centerline of the easement granted.

The acquiring agency is the Forest Service, Department of Agriculture.

2. The right to all timber now growing or which may hereafter grow within the easement and the right to use any land therein not devoted to road use for grazing and the growing and harvesting of crops including timber crops; provided, the United States and its assigns shall have the right to cut timber upon the easement to the extent necessary for construction, reconstruction, improvement, and maintenance of the road. (~~Such timber shall be cut into logs of standard length with proper trim allowance and shall be decked horizontally along said right-of-way and shall be free of stumps, limbs or other debris. The Grantee will permit the Grantor, his heirs and assigns, to use the road to serve his property in accordance with the rules and regulations of the Secretary of Agriculture, 36 C.F.R. 212.7-212.11, as the same may be amended, in such manner as not unreasonably to interfere with its use by the United States, its authorized users or assigns, or cause substantial injury thereto.

Provided, however, that if for a period of five years the Grantee shall cease to use the road, or parts thereof, for the purposes granted, or shall abandon the same, then, in any such events, the premises traversed thereby shall be freed from said easement, or parts thereof, as fully and completely as if this deed had not been made. In the event of such non-use for the period stated, the Regional Forester shall furnish to the Grantor a statement in recordable form evidencing such non-use.
