

NARRATIVE: In 1975 Gaschler & Asso. subdivided this section. that survey was revised by me in 1977. In 1979 I did a survey for Starrett using the same section breakdown. The found corners are from those two surveys as noted. In 1978 I also did a survey in which I tied the E of the "R" Canal for Starrett. The purpose of this survey is to resurvey & describe two parcels to meet County standards.
