

**NARRATIVE:**

The purpose of this survey is to stake that tract of land deeded to Walter Reid, et ux, R. 201, Page 400, so brush and stumps can be cleared and a drainpipe installed.

Ambrose Shea surveyed the East Half of the NW 1/4, NW 1/4 of Section 13 lying North of the "A" Line Canal in a 1972 survey for Saunders. That survey is the basis of all descriptions cut out of said East Half since 1972. I used Shea's survey to do this one even though my distances and angles do not match his very well. I accepted his NE and NW corners of said East Half because I had tied them in my 1988 survey for Primm and Daulton in Section 12. I made my North-South lines parallel with his West line of said East Half.

**LEGEND:**

- Found monuments. Shea's 1972 Survey, Co. # H-82.
- Set 1/2" x 24" rebar with plastic cap #951.
- (ooo) of Record. Shea, Survey #H-82.
