FILE

Field Notes
Section 1-4N R28E

OWNERS

Mr. Ervin Allen
Mr. Lester Dungan
Mr. Harry Westfall

Having found iron pipes and rock which mark the center of Section 1 4N R28E, the $E\frac{1}{4}$ corner and $S\frac{1}{4}$ corner and South East corner of Section 1. I ran $S89^{\circ}30'E$ from the $S\frac{1}{4}$ corner on true line and at mid points, between said $\frac{1}{4}$ corner and rock on S.E. corner of said Section, set stake.

From the $\frac{3}{4}$ " rod at the $E\frac{1}{4}$ corner I ran $N89^{\circ}16'W$ on true line between said $E\frac{1}{4}$ and $1\frac{1}{2}$ " iron pipe at the center of said Section 1. At $\frac{1}{4}$ the distance I found 1" iron pipe at $\frac{1}{2}$ the distance set $\frac{5}{8}$ " iron rod for $1/16$ corner.

Then using our control points I proceeded to set property corners in the S.E. $\frac{1}{4}$ of said Section 1, as shown on these accompanying plats.

G. M. Newbill "255"
