

**NARRATIVE**

The purpose of this survey is to establish two lots from an existing parcel in the southwest one-quarter of the northeast one-quarter of Section 34, Township 2 North, Range 32 East, W.M. We used pins originally set or found as shown on a survey for "McKay Tracts", Umatilla County Survey Records drawing no. R-100-C. The client asked for the Western parcel to be 525.00 feet in the East-West dimension and the full width of the property North-South.

Bearings are based upon the East-West centerline of said Section 34, as established on a survey for the U.S. Government by the Bureau of Land Management, dated 1938, Umatilla County Survey Records drawing no. 4-251-B.

- denotes 3/8in. x 30in. iron pin with aluminum cap set
- denotes PK nail set
- denotes 1/4in. iron pin found, except as noted
