- denotes Brass Cap found as set by the BLM in 1939
- denotes 5/16 in. x 30 in. iron pin with aluminum cap set
- denotes railroad spike set

**NARRATIVE**

This survey was based upon the locations of the Brass Caps set in 1939 by the BLM. The description used was that recorded in Book 355, Page 175 of the Deed Records of Umatilla County, Oregon. The East line of the tract was held for bearing and the distances on the North and East lines were adjusted to fit the Highway bearings and the bearing of the East line.

Bearings are based upon the Deed bearings from the section corner to the one-quarter corner.
