**NARRATIVE OF SURVEY**

This survey was performed at the request of Mr. Harry Larson. The purpose of the survey was to survey and monument the adjusted boundary between tax lots 800 and 1400 as shown hereon in accordance with ORS Chapter 92. The boundary adjustment was processed by Umatilla County Planning under file number LD-4N-1026-18. The exterior boundary of Tax Lots 800 and 1400 were recently surveyed by myself as seen in Umatilla County survey 18-060-C. The measured data shown on this map is taken from that survey which should be consulted for a full understanding of the boundaries of these tracts and the multiple monuments of many of the corners in this area. Monuments set in this survey were set using the control from survey 18-060-C and a Trimble R7/R8 RTK GPS system.
