OREGON CORNER RESTORATION FORM

Section   31   Township   2S   Range 33E
County   Umatilla   Date: 11-28-01

Corner Designation: 2S33Z1

|	
_____	Condition Report Only
_____	Not Found
_____	Remonumented
_____	Unrecorded
_____x_____	Surveyed In
_____	Referenced Out

Previous Renewals / Surveys, etc.
Howard Perry, PLS 1294 remonumented this corner in 1980. He found the
original stone, a tamarack BT and the remains of a fir BT stump. He
remonumented this corner with a brass capped monument. Then on the
basis of his survey, he monumented the true closing corner with a 2 1/2"
x 30" galvanized pipe with brass cap stamped as shown in the diagram.
He set the pipe 24" into the ground and recorded the following bearing
trees: The original tamarack bears N68°E, 22.1'; a new white fir bears
N532°E, 17.0' scribed T2S R33E S31 CC BT; a 12" douglas fir bears
N71°E, 37.2' scribe T2S R33E S31 CC BT.

Monument and Accessories Found: (condition and source)
Found the corner as set by Perry. The monuments were in good shape.
The tamarack BT is dead and standing. The white fir BT is dead and down.
The douglas fir bearing tree is alive and the blaze is nearly healed over.
