

Subdivisional lines, T.1 S., R.30 $\frac{1}{2}$ E., W.M.

Chains		Feet
67.50	Horace G. Parson's house ,W. 2 chs.	
79.08	<p>Set basalt stone, 18 x 7 x 7 ins., 12 ins. in ground for Cor. to Secs. 1 & 2 on Base Line, marked CC and 6 notches on S. and 1 notch on E. edges, and raised a mound of stone alongside in lieu of pits. The Sec. Cor. on Base Line at this point is entirely obliterated. I therefore measure and find the distance to be 9.72 chs. E. of the N.E. Cor. to Tp. 1 S., R. 30 E. on the Base Line.</p>	
	Land; surface undulating.	
	Soil; 2nd & 3rd rate. Larger part, good farming land.	
	Sept. 2, 1881	
General Description		
<p>The surface is mostly nearly level, small part rolling.</p>		
<p>Soil, greatest part, good second rate and excellent farming land. Small part, 3rd rate and stony.</p>		
<p>There have been a number of filings made on land in this fractional Tp. under the impression that it was part of T.1 S., R. 31 E.</p>
