

Chains

basalt stone, 6x4x4 ins. above ground, firmly set, marked with 4 notches on S. and 3 notches on E. edge. This cor. was set by the county surveyor at the point where he claims to have found the original cor. As the cor. is in the road; at a point 45 1/2 lks. east Set an iron post, 3 ft. long, 2 ins. diam., 24 ins. in the ground, for witness cor. to the cor. of secs. 9, 10, 15 and 16, with brass cap marked

12N R35E  
S9 S10  
S16 S15  
1917

Fences extend E. and W. from edges of road opposite this cor.

Land, level and rolling.

Soil, light loam, 1st rate.

Timber, scattering cottonwood.

Undergrowth, none.

From the cor. of secs. 9, 10, 15 and 16, S. 89° 51' E. re-

tracing the line bet. secs. 10 and 15; at 40.07 chs. fall 40 lks. S. of the 1/2 sec. cor. From the 1/2 sec. cor. I continue my retracement N. 89° 51' E., bet. secs. 10 and 15; at 19.95 chs. no trace of the 1/16 sec. cor., and at 39.90 chs. no trace of the cor. of secs. 10, 11, 14 and 15, set temp. cor.

From the temp. cor. of secs. 10, 11, 14 and 15, S. 89° 54' E. retracing line bet. secs. 11 and 14, counting distance from the 1/2 cor. bet. secs. 10 and 15; at 80.56 chs. no trace of the 1/2 sec. cor.; at 100.53 chs. no trace of the 1/16 sec. cor.; at 120.25 chs. middle of road bearing N. and S. Make special search, but find no trace of the cor. of secs. 11, 12, 13 and 14; find a stone, loose, at side of road, probably the original cor. stone but no marks identified; at 125.53 chs. a spring branch, course N.; at 160.57 chs. fall 9 lks. N. of the 1/2 sec. cor. where I find an old post, below the surface of the ground in middle of road extending E. and W. and in line with a fence extending S.

At the point occupied by old stake, set an iron plowshare, vertical 20 ins. below surface, above which set a basalt stone, 20x12x10 ins., 18 ins. in the ground, for 1/2 sec. cor., marked 1/2 on N. face.

At a point 45 lks. S. of cor. Set a basalt stone, 14x12x12 ins., 24 ins. in the ground For witness cor. to the 1/2 sec. cor., marked W C 1/2 on N. face.

Returning to the temp cor. of secs. 10, 11, 14 and 15, I move 1 1/2 N. 89° 51' E., 26 lks. to the apportioned longitudinal position for said sec. cor.

Thence
