

Subdivisions, T. 2 N., R. 36 E.

Chains	
56.25	<p>Top of ridge, 200 ft. high, bears N. 30° W., S. 70° E.            Leave timber and undergrowth.            Descend along N. slope of branch ridge, bears E. and W.</p>
63.25	<p>Enter scattering timber and dense undergrowth, bears            N. 20° W. S. 10° E.</p>
79.78	<p>The cor. of secs. 2, 3, 10 and 11.            Land, mountainous.            Soil, loam, 2nd rate.            Timber, fir, pine, willow and tamarack.            Undergrowth, small willows and firs, hazel, laurel, huckle            berry and vine maple.            Mountainous land, 79.78 chs.            June 27, 1901.</p>
	<p>June 28<sup>h</sup> at 7<sup>h</sup> 10 A.M., l.m.t., I set off, 45°40.5' on the lat. arc            23° 19' N. on the decl. arc, and determine a true mer-            idian with the solar at the cor. of secs. 2, 3, 10 and            11.</p>
	<p>Thence, I run            N. 0° 02' W. on a random line bet. secs. 2 and 3.</p>
40.00	<p>Set temp. <math>\frac{1}{4}</math> sec. cor.</p>
72.00	<p>Intersect the N. bdy. of the Tp., 24.26 chs. E. of the            cor. of secs. 2, 3, 34 &amp; 35, which is a post badly            decayed, marked and witnessed as described by the            Surveyor General. I reestablish this old cor. in the            same place as follows: Set basalt stone, 15 x 12 x 10            ins., 10 ins. in the ground for cor. of secs. 34 and            35, marked with 2 notches on E. and 4 notches on W.            edges. Raise mound of stone 2 ft. base, 1<math>\frac{1}{2}</math> ft. high,            N. of cor. Pits impracticable.            The true point for the closing cor. of secs. 2 and 3 falls            on a ledge 15 x 12 x 12 ins. above ground. I mark C.C.            on the S. face, and cut two grooves on E. and 4 grooves            on W. faces, from which</p>
