Course.	Degrees.	Minutes.	Chains.	Links.

J. M. Pruett

Pendleton Or
July 3rd 1882

To determine the Northern boundary of the South ½ of the NW¼ of Sec 6 T 3 N R 32 E.

Assisted by Deputy Co Surveyor J. B. Arnold I went to the ¼ post on the Western boundary of the above Sec from which I run north

North 20.00 Set temp ⅛ post
" 40.00 Intersect NW Cor of above named Section Said Corner in good preservation Returned & Set Permanent ¼ post on a true line between the two above named corners & 20 Chains North of the Initial point. We then went to the interior ¼ post of said Section as established by me and recorded on Page 31 of this book from which we run on a true line to the ¼ post on North line of Sec North 20.00 To Mound formerly established from said mound We run West to ⅛ post on the West line of Said Section

I hereby certify that the above are the true notes of a survey made by me assisted by J. B. Arnold and in accordance with the original field notes made in the Government survey.

J. H. Raley
Co Surveyor
